# Mayor Jon calls for unified action vs. dengue

ANGELES CITY – Alarmed that the dengue cases in the city have risen "beyond the epidemic threshold for four consecutive weeks," Mayor Carmelo "Jon" Lazatin II has convened all 33 barangay chairmen for a unified action against the dreaded viral infection.

The Dengue Situation Report, presented by Dr. Jessie Paul Culang of the city epidemiology and surveillance unit also noted that 10 to 19-year-olds are most affected as of July 20-26, raising further concerns in the city government

In response, the barangay chairmen shall serve as frontliners in the anti-dengue campaign to include:

Search and destroy activities every 4 PM, at least every other day, until no new cases are reported for two consecutive cycles (28 days).

Coordinate with schools (public and private) to conduct search and destroy operations daily at 4 PM.

10 to 19-year-olds are most affected as of July 20-26, raising further concerns in the city after search and destroy,

scheduled every 7 days for 4 cycles.

Énsure households participate in Alas Kwatro Kontra Mosquito (4 PM mosquito prevention tips).

Mass information drive on 4 Ts: Taob (standing water), Taktak (damp areas), Tuyo (dry water containers), and Takip (cover containers).

"Let us work together public, barangay officials, and schools—to keep Angeles safe and free from dengue," Lazatin exhorted the barangay chairs. **BENTENG BIGAS, MERON NA** 

# 2,867 Subic Freeport workers avail P20 rice

SUBIC BAY FREEPORT – A total of 2,867 minimum wage earners in this freeport have availed themselves of rice at P20 per kilo through the "Benteng Bigas, Meron Na!" program.

The initiative forms part of the government's continuing efforts to make food more accessible and affordable for low-income workers and to ease the impact of inflation on essential goods.

Beneficiaries included employees of Sanyo Denki Philippines Inc. and its associated manpower service providers.

The distribution was conducted at the company's premises in Subic Techno Park, Boton Area, where each worker was able to purchase rice at the subsidized rate.

The activity was spearheaded by the Department of Labor and Employment in partnership with the Subic Bay Metropolitan Authority.

DOLE Zambales senior labor

and employment officer Arvin Fabian emphasized the importance of supporting wage earners through direct interventions.

"Ikinatutuwa namin ang pagsama sa mga minimum wage earners, lalo na dito sa probinsya ng Zambales, kasama ang Subic Bay Freeport Zone, kung saan ay libo-libong empleyado ang maaring makinabang," he said.

In his 4th State of the Nation Address, President Ferdinand R. Marcos Jr. highlighted the program's successful rollout and affirmed that rice can be sold at P20 per kilo without compromising the livelihood of Filipino farmers.

He said the program has already been implemented in various locations across Luzon, Visayas and Mindanao.

Marcos Jr. also announced that the government has allocated P113 billion to enhance agricultural programs and expand

LUNGSOD NG MALOLOS – Nalalabuan daw ang ilang magsasaka sa lungsod na ito sa sinabi ni Pangulong Ferdinand R. Marcos, Jr. sa ika-apat na State of the Nation Address (SONA) nito na maglalaan ito ng P113 million na pambili ng palay.

Hindi daw kasi nilinaw ni PBBM kung magkano nito bibilhin ang palay ng mga magsasaka.

Ayon kay Melencio Domingo, pangulo ng mga magsasaka sa Barangay Santor, malabo para sa kaniya ang mga pahayag ng pangulo sa SONA patungkol sa agrikultura.

Dapat aniya ay binanggit na nito

kung magkano ba bibilhin ng pamahalaan ang kanilang mga palay.

Sa ngayon kasi aniya ay P18 kada kilo ang bili ng National Food Authority sa sariwang palay at P24 kada kilo sa clean and dry.

Balik puhunan lang aniya ang mga magsasaka kapag ganito ang presyo sa pagbili ng kanilang palay dahil sa mahal ng presyo ng puhunan sa pagsasaka.

Kaya't hiling niya na gawin na sana ng pamahalaan na P20 kada kilo ang pagbili sa sariwang palay at P26 kada kilo naman ang clean and dry. Sa ganitong halaga aniya ay maganda-ganda na ang kita nilang mga magsasaka.

Samantalang hindi rin aniya malinaw sa SONA kung paano

sasawatahin ng pamahalaan ang pagmamanipula ng mga traders sa presyo ng bigas.

At hindi din daw nilatag ni Marcos Jr. ang detalye sa plano nito na paglalagay ng mga rice processing facilities.

Maganda sana aniya ito para may patuyuan sila ng palay lalo na ngayong panahon ng tagulan pero matagal na daw itong sinasabi ng pamahalaan pero wala pa ring linaw kung saan at kailan ito itatayo.

Aniya, sana ay nilahad na ng pangulo nang malinaw sa kanyang SONA kung paano gagawin ang lahat ng ito na hindi tila binanggit lang ang mga plano nito sa agrikultura.

# Pagkakaisa, pagtutulungan sa sabay-sabay na pag-angat

SA AMING mga kapwa kasapi sa League of Governors of the Philippines,

Maraming salamat po sa tiwalang ibinigay ninyo sa amin nina Pres Rey Tamayo, Chairman Dax Cua at iba pang mga opisyales bilang mga bagong opisyal ng ating Liga. Isa po itong malaking karangalan at responsibilidad

na buong puso naming tinatanggap at pagtutuunan ng tapat na paglilingkod.

Hinihikayat po namin ang bawat isa na magbuklod at magtulungan sa pagharap sa mga malalaking hamon ng ating mga lalawigan gaya ng lumalalang problema sa solid waste management, matinding pagbaha dulot ng climate change, kakulangan sa pondong panangga sa mga kalamidad.

Sa kasalukuyan, hindi na sapat ang 5% calamity fund upang tugunan ang epekto ng mga kalamidad sa ating mga lugar. Dagdag pa rito, kailangan din nating bigyangpansin ang mga isyu sa Universal Health Care at ang kalidad ng serbisyong panlipunan.

Tugunan din natin ang panawagan ni Pangulong Ferdinand Marcos Jr. na magsumite ng mga rekomendasyon para sa pag-aamyenda ng mga probisyon sa Local Government Code na hindi na angkop sa kasalukuyang panahon kagaya ng mas malawak na kapangyarihan at pondo sa LGUs upang mas epektibong matugunan ang pangagailangan ng ating nasasakupan. Marami pang dapat amyendahin na pwede nating pagusapan sa susunud na pagpupulong.

Magsama-sama po tayo, lalo na't magkakaiba ang kapasidad at kalagayan ng bawat lalawigan—may malaki, may maliit; may mayaman, at may mahirap. Kaya't higit nating kailangan ang pagkakaisa at pagtutulungan upang sabay- sabay tayong umangat at makapagbigay ng serbisyo na nararapat sa ating mga kababayan.

Muli maraming salamat sa tiwalang inyong

# When justice is betrayed, silence is complicity

"THEY DRESS the wound of my people as though it were not serious. 'Peace, peace,' they say, when there is no peace."— Jeremiah 6:14

We, the Conference of Major Superiors in the Philippines (CMSP), lift our collective voice in righteous indignation and moral protest over the Supreme Court's decision declaring as unconstitutional the impeachment complaint filed against Vice President Sara Duterte. This ruling is more than a legal maneuver—it is, in our eyes, a blatant betrayal of the people's trust and a mockery of our

In a time when the public is crying out for truth and accountability, the Supreme Court chose silence over scrutiny, technicalities over transparency, and impunity over integrity. It has failed in its solemn duty to be the last bastion of justice.

#### A Supreme Betrayal

By shielding the Vice President from a legitimate process of accountability, the Supreme Court has deepened the growing perception that the law no longer serves the poor and the powerless, but protects only those with influence, pedigree, and proximity to power. The timing, the rationale, and the implication of this decision reek of complicity and cowardice.

Is this the justice we teach in our classrooms and preach in our pulpits? Is this the Constitution our martyrs died defending?

The Filipino people are not blind. They know betrayal when they see it. This ruling is not only unconstitutional in spirit—it is unconscionable.

#### A Vice President Without Answer

To Vice President Sara Duterte: if your hands are clean, why fear accountability? If your leadership is just, why evade the truth? The people deserve answers, not legal shields. The children you claim to serve in the education sector deserve a Vice President who does not hide behind courtrooms, but stands in the daylight of integrity.

Public office is a sacred trust. It is not inherited, not protected by dynasties, and certainly not exempt from accountability.

#### A Church That Must Not Be Silent

We refuse to stand idly by while justice is trampled and truth is twisted. We remember the silence of institutions during past dictatorships and

the price our people paid. Never again must the Church be complicit through silence or cowardice.

As consecrated persons, we are called to be watchmen of truth, defenders of the poor, and disturbers of unjust peace. The Gospel demands it. The people cry for it. History will judge us by it.

#### A Call to Moral Resistance

We urge all people of faith, all communities of conscience, and all defenders of truth to rise in peaceful, prophetic resistance. Organize. Educate. Denounce falsehood. Demand accountability. Do not let power go unchecked. Do not let justice be mocked.

To the Supreme Court Justices: you may have rendered your verdict in the halls of the court, but history and heaven will render their own.

## Build first, serve well, profit later

AS ONE who has traveled extensively across globe, I cannot help but compare our situation with the experiences in countries like Singapore, United States, Japan and South Korea, where expressway systems operate with remarkable speed, reliability, and efficiency.

In those countries, tolling is truly contactless, seamless, and integrated into a broader framework of smart mobility. Vehicles pass through toll gates without ever having to stop or slow down - a testament not only to the effectiveness of RFID systems, but also to the discipline in their implementation, the integrity of their infrastructure, and the accountability of their regulators.

The sad truth is, in the Philippines, RFID technology has failed to deliver its promise not because of the technology itself, but due to poor implementation, outdated equipment, inconsistent calibration, and a general lack of standardization across different operators.

Add to that the recurring backend issues in account reloading and reconciliation, and what we end up with is a broken system. One that penalizes motorists with delays, confusion, and an overall poor experience.

Even more troubling is the passive role of our government regulators. Agencies mandated to ensure fair and efficient expressway operations seem more attuned to the concerns of the toll operators than to those of the driving public. This is a serious disservice. Government regulation must favor public interest above all.

Toll operators must also rethink their business approach. Infrastructure development should be rooted in a "build first, serve well, profit later" philosophy—not the other way around. Too often, we see improvements or expansions delayed under the justification of limited resources, as if motorists must wait for revenues to accumulate

before receiving better service. This mindset is fundamentally flawed.

A recent case in point: the flooding that occurred in parts of our expressways once again exposed the vulnerability of our existing infrastructure. I have long proposed the construction of an elevated highway from Balintawak to Bocaue—not only to help decongest traffic but also to provide an allweather, flood-resilient route that can serve during emergencies. The recent floods reaffirmed the urgency and correctness of this proposal. Sadly, the response from government agencies has been silence. It is disheartening that such practical and forward-looking solutions fall on deaf ears.

Furthermore, we are also strongly proposing the implementation of barrierless toll plazas and a true pay-as-you-use tolling system. This means eliminating physical barriers and removing the outdated prepaid RFID load system, which has long been a source of user frustration and inefficiency. Instead, we recommend a modern, cashless approach where expressway usage charges are automatically deducted from the user's linked credit card, debit card, e-wallet, or bank account after actual use.

This postpaid model, already used successfully in developed nations, ensures motorists are only billed for what they actually use-eliminating the need to preload funds that sit idle in the accounts of toll operators. Not only will this improve transparency and efficiency, but it will also align with global best practices in digital mobility and consumer rights.

# The overarching message

GONE ARE the days when "hiya" was a powerful moral force in the life :of the Filipino society. To borrow the word of President Marcos in the 4th state-of-the-nation address (SONA), that the controlling moral guide, equilibrium, if you will, has vanished from the imagination of the Filipino people, especially among its leaders.

There was time when "hiya" was an important theme in education. As a Filipino concept , "hiya" embraces the complex interaction of shame, propriety, dignity and self-respect in human conduct, privately and publicly, perhaps more importantly in public conduct.

So, it's no surprising that the President, in his message to the nation as he finished the first half of his term,invoked "hiya", not just as a panacea as genuine rubric to deal with what morally ills the nation, or its leaders.

He was honest, straightforward, unequivocal about what is necessary today: magkaroon naman sana tayo ng hiya.

Specifically, he blamed the flooding woes and miseries suffered by a great swath of the populace to the collapse of dikes and other flood control infrastructures for the unprecedented devastation. The absence of "hiya"is zeroed in as the cause of the collapse and those whose hands are dirty in corruption will pay a heavy price sooner than later.

The President's resolve to do what it has to uncover those behind the failure of flood control infras cannot be doubted as no longer the

Executive Secretary said heads will roll or will be published nationwide. as the President announced, in days or weeks, not months.

For a while, the immediate impression on this new tack against corruption I government was triggered also by at least two rumored scandals affecting two branches of the government, the Senate and the Supreme Court. There is an unauthorized insertion in the 2026 budget that needs an explanation.

The President has vowed to scrutinize the new budget that will he sign forthwith. The decision by the SC practically stopping the impeachment trial of the Vice President has been highly criticized by prominent legal luminaries for being based on wrong, even false, legal grounds, if not issuing suddenly new doctrines in contravention of existing jurisprudence by the SC no less.

The vlogging community has been broadly discussing the alleged transactional activities of

people in high places who could be behind these latest travesties or criminal acts. In fairness, the President has stopped short of naming names as possible suspects. In the meantime, there are media stories that validate those possibly involved or in the know and are hard to ignore.

In the meantime, five well known top officials were absent, for one reason or another, from the President's SONA, described as the President's best yet. Namely, there was Vice President Sara Duterte, the President sister-senator, Imee, and the other three pro-Duterte senators Bato, Padilla, and Go, not necessarily in that order.

Of course, it is easy why they did not attend the SONA. First off, there's politics:Duterte, their principal and raison de etre, is still languishing in the International Criminal Court (ICC) as his foreign lawyers are moving heaven and earth for his interim release. Ditto, for the Veep, apart from getting a break from the SC which, pundits say, exposes the President's political weak side: translation: being a lame duck. Second off, the five top officials must have forgotten their official functions as leaders of the nation.

Intentionally, the clear objective is to minimize the President and ignore what he has to say that can only redound to the nation's good.

It's gratifying to note that President was honest enough to admit its ow meal culpas, as the youth unmistakably showed its huge disapproval during the last election. It is good that the government is doing its best to do better. How so, by its litany of achievements and performances which the five officials could have remarked on a subsequent combined SONA after all. No President is ever perfect.

By his encouraging promises and avowed achievements, the President hopes to bring the Philippines in his last three years in office to a better place in the international arena, mainly because of a bragging right of a new Filipino who's best for the world not only in talent, skill but In courage.s

But like the American poet Robert Frost the

## Call to action

WHEN IS a social media post a senseless rant, and when is it a timely, necessary and long-overdue call to action?

In the wake of the devastating floods in my beloved Macababad town, many residents turned to Facebook to express their anger and frustration. They demanded answers. They called on elected officials from Malacañang down to the barangay hall to do more than the elevation of roads, distribution of relief goods, free transportation on board a rescue truck, and photo ops.

Most of my town mates agreed and understood perfectly well where all these sentiments were coming from. However, there were quite a few who, without a tinge of reservation, dismissed and branded these people as "reklmador" – the kind of people who crave for attention, find fault in anything, blame anyone and

spread negativity even in the most trying times.

And the worse part? They have the temerity to advise their town mates to just take things in stride and to simply get used to it — "Banwa-banwa naman ing albug, e kayu pa wari misane?" "Ikayu na ing mag-adjust, normal na mu yan." "Ot aliwa ikayu ing tagal keng tutuking eleksyun para solusyunan yu ing albug!"

Such audacity. Such imprudence. The height of hypocrisy.

Sadly, and quite too often, calls for accountability and transparency in our country are misinterpreted as rebellion. Of course, this is the furthest from the truth.

The flooding in Macabebe is not merely an act of nature — it is the result of years of neglect: poor infrastructure, inadequate flood control, and short-sighted planning. Factor in dubious contracts that resulted in substandard elevated roads, the lack of inter-agency coordination, multi-sectorial and multi-discipline consultation to craft a long-term solution, and a generation of residents whose silence and apathy resulted to impunity you have a perfect recipe for a problem that will never go away.

When people point the inefficiency of our leaders, or the failures of a broken system, they are not in any way being ungrateful or disruptive. They

are asking the hard questions that should have been answered long ago.

While it is true that calamities and disasters bring out the best in people – the bayanihan spirit and the heroism of ordinary folks – it is high time that we stop romanticizing resiliency.

Don't you just find it ironic that we gladly applaud resiliency

Don't you just find it ironic that we gladly applaud resiliency without even asking why we are constantly forced to be resilient? Don't you find it odd that we proudly call it the unbreakable Filipino strength when we wade through waist-deep water to go to work, go to school and go on with our daily routine, but never question why that water is there in the first place?

To me, a media post that demands accountability is not just venting but a digital form of protest and civic engagement. In a country where red-tagging silences legitimate dissent, downplaying frustrated citizens as "mema" and "nega" or worse, calling them as "leftists" are a convenient way to discredit them and avoid addressing systemic failure.

The next time you read a justified criticism of government, never mistake it for negativity. A social media post calling out poor governance isn't a threat — it's a clear sign that people still believe in change. That is not blind optimism. That is what real hope is.

# DigiPlus appeals for fair, fact-based dialogue in online gaming regulation

DIGIPLUS Interactive Corp., the operator of BingoPlus, ArenaPlus, and GameZone, today voiced an appeal to lawmakers amid the wave of congressional proposals targeting the oo

"We are open to evolving and improving wherever needed," said DigiPlus Chairman Eusebio Tanco. "If there are new standards to meet, or better ways to protect players, we will act swiftly and responsibly. But please, do not condemn an industry, and the 50,000 Filipino families who rely on it, without hearing the facts first."

The company expressed deep concern that responsible, law-abiding operators are being swept into a tide of suspicion meant to catch those who have never complied with regulation in the first place. Many of the measures now being debated in Congress, such as rigorous Know-Your-Customer (KYC) checks; mandatory age verification that bars minors and vulnerable players; self-exclusion tools; and responsible-gaming prompts, have been in place in DigiPlus platforms since November 2024.

DigiPlus underscored that it has always done its best to align its operations with

regulatory expectations from PAGCOR and other relevant government agencies. Every peso flowing through its platforms is taxed, audited, and remitted to PAGCOR and the Bureau of Internal Revenue, funding healthcare, infrastructure, and disaster relief. "Tell us what more we must do," Tanco said, "And we will do it without hesitation. Just grant us the fairness owed to any lawful Filipino enterprise."

The company says the current atmosphere feels less like regulation and more like retribution. "We stand licensed, audited, and transparent, yet we are made to answer for the crimes of illegal operators who respect neither law nor livelihood," Tanco noted.

DigiPlus directly appealed for reason and clarity in the debate, saying: "We are appealing to the government: Let us approach this rationally. If we study the issue with clear eyes, we will see that the social ills being blamed on online gaming stem from the illegal market. That is where underage gambling happens. That is where financial abuse thrives. Target that, and the harm disappears."

The consequences of a total ban go far beyond cor-

porate risk. More than 3,000 direct DigiPlus employees, and an estimated 50,000 jobs across the online gaming industry's nationwide network, including those in information technology, cybersecurity, software development, as well as multimedia artists, call center agents, security personnel, and housekeeping staff are now at risk. Tanco said, "In every city, in every province, our people are asking: are we no longer

welcome, even when we've done everything right?"

DigiPlus warned that banning licensed operators will not make online gaming go away. It will only drive players toward illegal, unregulated sites with no safeguards.

As the national debate unfolds, DigiPlus calls for fact-based dialogue, grounded not in fear or stigma, but in the shared goal of building a stronger, safer, and more account-

able gaming industry. As a proudly Filipino company, DigiPlus reaffirmed its commitme nt to full compliance, cooperation with regulators, and proactive reform.

Digiplus appeals to lawmakers and the public: "We are not asking for special treatment. We are simply asking to be judged by our actions, not by perception, nor by association with those who break the law. Regulation works best when it uplifts what is working, not when it dismantles it."

# Kapampangan pride takes center stage as local design studio wins at Asia Architecture Design Awards

IN A PROUD moment for Pampanga and the entire Filipino creative community, InnovArc Design and Construction, a Kapampangan-led architecture and design firm, has clinched top honors at the prestigious 2025 Asia Architecture Design Awards (AADA) held in Seoul, South Korea.

The studio's project Fons et Origo stood out among Asia's finest, winning Asia's Best Residential Interior Design, a recognition that affirms the world-class ingenuity of Filipino design.

Behind this landmark achievement are InnovArc's very own homegrown talents: Principal Architect Justine Amor Garcia and Chief Operating Architect Paul Soliman, who proudly received the award and waved the Kapampangan flag

"It is with great pride that I represent not only the architectural community in the Philippines but also my home province of Pampanga on the global stage," Garcia said, reflecting the studio's roots and deep-seated commitment to celebrating Kapampangan excel-

The win serves as a beacon for Filipino creativity, an ode to bold design, fearless innovation, and the rich artistry that thrives in the heart of the region.

With gratitude extended to collaborators, clients, and the wider design community, InnovArc's tri-umph shines a light on Pampanga's growing reputation as a cradle of modern Filipino architecture.

# 40 YEARS OF SERVICE: Teresa Waterworks, Inc. celebrates legacy of excellence

ANGELES CITY — Teresa Waterworks, Inc. (TWI) proudly celebrated its 40th anniversary on July 8, 2025, marking a milestone of providing reliable water service to communities across Central Luzon.

#### **A LEGACY BUILT ON SERVICE**

Founded in 1985 and named in honor of Teresa G. Nepomuceno, who passed away 15 years prior, TWI was born out of necessity and vision: to serve the water needs of

Chairman Emeritus-

the Nepomuceno family's real estate developments, starting with the high-end Villa Teresa Subdivision, commercial complex Nepo Mart, and what is now known as the Angeles Ice

Under the leadership of its founding president, Engr. Peter G. Nepomuceno, then also president and general manager of sister company Angeles Electric Corp., Teresa Waterworks began with just 50 residential clients. But as the subdivision flourished

and word of the company's service excellence spread, nearby communities requested connections.

What started as a utility supporting internal development quickly expanded into a broader mission.

"Our water sustains life — without water, there is no life," said Engr. Nepomuceno during the company's 40th anniversary celebration, reflecting on the company's founding purpose and lasting community impact.

#### **CURRENT REACH AND OPERATIONS**

Today, Teresa Waterworks proudly operates in 27 service areas, covering key locations across Angeles City, Bacolor, and the City of San Fernando. Every challenge over the past four decades has only strengthened the company's resolve. Every milestone has fueled its passion to go further.

Teresa Waterworks has built its reputation not only on dependable service, but on its unwavering commitment to innovation, resilience, and community impact.

#### VISION, LEADERSHIP, AND THE NEPO GROUP

Now under the stewardship of Maria Rita Josefina Valdes-Chua, the company remains focused on sustainable, inclusive growth. Being part of the Nepo Group has provided strategic direction and operational support, helping Teresa Waterworks innovate and scale responsibly.

"When Valdes-Chua took the helm of Teresa

Waterworks, I had only one simple directive: expand, expand, expand," Engr. Nepomuceno shared. "She did a marvelous job in growing Teresa Waterworks

to what it is today."

For her part, ValdesChua said: "I am excited for the future of TWI, especially with our new crop of young people who are energetic, imaginative, and full of ideas," Addressing them: "The future is yours, so use this time to learn as much as you can from the mentors you have now."

#### THE ROAD TO **PANGASINAN: NEPO WATER**

As it marks its 40th year, the company reflects on a legacy that is still unfolding. With eyes set firmly on the future, including its upcoming expansion to Pangasinan through Nepo

Water, Teresa Waterworks stands ready to write its next chapter.

"Through our subsidiary, Nepo Water, we've been granted a 35-year concession to provide infrastructure and water services to 82 barangays in Mangatarem, Pangasinan," Valdes-Chua announced. "It's an exciting step forward, one that allows us to serve even more communities and expand beyond our comfort zone."

This move represents both a continuation of its founding vision and a bold step into the future, bringing the same standards of excellence to new communities and reinforcing its commitment to long-term service.

Because for Teresa Waterworks, the journey isn't ending, it's just beginning. Press release

Assessment of the provincial government placed agricultural damages at P470,104,758, while the Department of Public Works and Highways put damage to infrastructure at least P432

Pineda said the dredging must cover the 34-kilometer stretch of the Pampanga River, spanning the towns of Arayat, Candaba, Macabebe, Masantol, Lubao, and Sasmuan. This, hand in hand with the desilting of its tributaries that also empty into Manila Bay.

She pointed out that the silting of the riverbed and the accumulation of debris and waste have

significantly reduced the river's capacity to hold and drain water, contributing to extensive flooding.

The provincial government's latest damage report indicated that in Lubao, Barangay Sta. Rita suffered P50 million in damage following the collapse of a dike and pavement. In Floridablanca P70 million was incurred in damages due to the P30 million reported damage in Barangay Sto. Rosario with the collapse of existing slope protection along the Caulaman River; P30 million in losses due to a collapsed dike along the Santol Creek in San Jose; and P10 million in damage from settlement of slope protection in Barangay

Dampe.

In Guagua, slope protection along the National Irrigation Administration (NIA) irrigation canal in Ligaya-Talang area collapsed, leading to P30 million worth of damage; while Lambac sustained P20 million in damage from settlement of slope protection.

In Mabalacat City, the damaged slope protection at Sapang Balen amounted to P10 million.

A partially damaged road in San Vicente, Apalit and Paralaya, Candaba cost P30 million and P40 million, respectively.

Partially damaged flood controls were also reported in San Simon amounting to P132 million, and in

Macabebe amounting to P25 million.

Other damages reported included a riprap in Sasmuan worth P20 million, and scouring of road shoulder in Minalin worth P5 million.

The cost of the damaged bridge in Mexico is still under evaluation by DPWH engineers.

DPWH has earlier said that more than P1 billion will be needed to address flood control infrastructure issues across the province. These include repairs to broken dikes, enhancement of slope protection structures, and large-scale river desilting efforts.

Pineda underscored that the main cause of the flooding was the heavily

silted rivers, alongside clogged canals that could no longer handle the volume of rainfall.

She also cited reports of dike breaches in parts of Guagua, Lubao, and Floridablanca, which worsened the impact on affected barangays.

Given the extent of the damage and recurring nature of the problem, the governor renewed her appeal to the national government and relevant agencies to prioritize the desilting of the Pampanga River and fund long-term flood mitigation projects.

She stressed that these are not merely engineering concerns but essential actions to safeguard communities, livelihoods,

and public infrastructure.

"We are doing our part at the provincial level, but solving this problem requires interagency coordination and a serious investment from the national government. Dredging and desilting the river is critical not just for disaster response but also for protecting agriculture and livelihoods," Pineda

administration's continued pursuit of infrastructure projects that promote regional connectivity and development.

"Bago matapos ang taon, magsisimula na ang Bataan-Cavite Interlink Bridge. Ang tulay na ito ay 32 kilometro ang haba, na tumatawid ng Manila Bay. Kung ang biyahe ngayon mula Mariveles hanggang Naic ay umaabot ng limang oras, balang araw ito ay magiging 45 minuto na lamang," declared Marcos Jr.

Bataan 2nd District Rep. Albert Garcia welcomed the president's reaffirmation of support, calling it a big win for the province.

He said the project, once a bold dream, is now becoming a reality that will unlock opportunities in trade, tourism, and development.

"I thank the President for pushing this forward, and I remain committed to ensuring that every milestone benefits our people," he added.

Gov. Jose Enrique Garcia III also expressed gratitude to the president for his strong support for the BCIB, describing it as a significant milestone that brings Bataan closer to its vision of becoming a key hub of opportunity, connectivity, and progress for every Bataeño family.

"The start of construction before the year ends is a promise of better days ahead. Isang makasaysayang hakbang ito tungo sa mas matatag na pamilyang Bataeño," he said.

The BCIB is among the national government's flagship infrastructure projects under the "Build Better More" program. It is a 32.15-kilometer, fourlane bridge project that will connect Barangay Alasasin in Mariveles, Bataan to Barangay Timalan in Naic, Cavite—cutting travel time between the two provinces from five hours to just 30 to 45 minutes.

Once completed, the

bridge is expected to boost trade, logistics, tourism, and investment between the Central Luzon and Calabarzon regions

In Bataan, stakeholders view the project as a key catalyst for expanding economic activity in the Freeport Area of Bataan and nearby municipalities, with over 20,000 jobs projected during construction and post-construction phases.

The BCIB stands as a testament to the national government's commitment to building transformative infrastructure that fosters inclusive growth and regional development across the country. Rick P. Quiambao/PIA-3

To our fellow Church leaders: now is not the time for caution—it is the time for courage.

To the Filipino people: do not be afraid. Our hope is not in the powerful, but in the God who casts down the mighty from their thrones and lifts up the lowly (cf. Luke 1:52).

"What does the Lord require of you but to act justly, love mercy, and walk humbly with your God?"—Micah 6:8

During his two terms as Angeles City mayor, Lazatin spearheaded a massive reforestation project in the Sapangbato Watershed, which entailed regular tree-planting activities in the area conducted by Angeles LGU employees and other partner private organizations.

Within that period, the Angeles LGU planted more than 100,000 trees in the Sapangbato Watershed.

The Sapangbato Watershed covers a land area of 546 hectares in the uplands of Barangay Sapangbato, which was identified as Protected Agricultural Land, delineated from the Network of Protected Areas for Agriculture and Agro-industrial Development of the Bureau of Soils and Water Management of the Department of Agriculture and with a specific designation as Fragile Agricultural Land (Watershed Protection).

Funds should remain with the users until a service has been rendered not the other way around.

If we are serious about mobility, if we truly value the time, safety, and dignity of our people, then reforms must happen now. We urge the Toll Regulatory Board, Department of Transportation, and related agencies to:

Enforce standardization

and interoperability across all toll operators,

 Mandate the upgrade of outdated RFID systems and backend platforms,

 Hold operators accountable for service failures,

 Transition to barrierless and postpaid tolling, and

 Encourage investments in long-term infrastructure improvements such as elevated expressways and drainage systems.

President has miles to go before he sleeps, so to speak. One of them is for the nation to resurrect "hiya" in the daily life, especially those whose lives involves public trust. The next few weeks, not months, will show the President's courage and determination in his commitment and passion in this direction.

How the Senate and the Judiciary and other branches of government will respond to his trenchant call for "she" as a standard in governance and justice will be measured by social thinkers. How he will bring the perpetrator of the 100 missing sabungeros to justice is another milestone that should galvanize his call to decency an dignity in public life.

Regardless of his earlier commitment not to meddle in the vice president's impeachment case, the President must still ensure that the Constitution is followed, given what seems to beset it along the way, including political pragmatism. Ultimately, charity

begins at home. The President's sense of "hiya" should manifest itself in how the President and his family respond to the lingering call for accountability to the Filipino people which the judiciary and other branches of government had earlier decided they clearly should, if truly they mean business.

In other words, the talk calls for the walk. Or the whole idea of hiya"is a call in the wilderness.
